

DERMA CONCEPTS®

invites you to join us and learn about our new state-of-the-art, groundbreaking products, treatments, and technology.

Name of course:	The Science of Cool: Mastering Environ’s Professional Cool Peel System
Course descriptor:	Discover how Environ® has redefined the concept of peeling through its unique, science-based Cool Peel Technology. In this educational webcast, you’ll explore how Environ’s low pH, low concentration peel formulations deliver measurable results—enhancing the appearance of skin texture, clarity, and radiance—while maintaining the benefits of skin’s barrier health. Learn to select the appropriate Cool Peel for each client concern, understand the physiological rationale behind “cool” versus traditional “heat-based” peels, and confidently integrate this system into your professional treatment menu. By the end of this session, you will be able to: • Explain the science and philosophy behind Environ’s Cool Peel Technology • Identify the different Environ professional peel options and their indications • Customize peel selection and duration based on skin type and condition • Reinforce the synergy between Environ professional and homecare systems
Dates & Times:	This webinar is offered several times. Select the date and time that works best for you. Monday, August 24, 2026 • 12:00-1:00 PM EDT • Register HERE Tuesday, August 25, 2026 • 3:00-4:00 PM EDT • Register HERE Wednesday, August 26, 2026 • 6:00-7:00 PM EDT • Register HERE Thursday, August 27, 2026 • 9:00-10:00 PM EDT • Register HERE

Fee:	FREE

Presented by Candace Noonan, an industry expert and Master Trainer for DermaConcepts. As a licensed esthetician, she conducts trainings on the efficacy and science of products and ingredients, as well as hands-on demonstrations. Graduating as a facial specialist, she continues to educate herself and stay abreast of this ever-changing, very exciting industry.

Access to the FREE webinars is limited to licensed professionals in the United States.

Upon approval to attend, a confirmation email will be sent with instructions to join the webinar, 24 hours prior to the start time.
